

Addendum 1
ARPA-03 Communication and Radio Upgrades

PROPOSERS must acknowledge this Addendum in your proposal cover letter. All addendums will be posted to <https://www.athol-ma.gov/home/pages/bidsrfps>. The deadline for proposal submission remains June 24, 2024, at 3 PM.

Please see [modification](#) to the following section:

Section 6.1.3 Frequency Plan and Traffic Loading Analysis

The CONTRACTOR shall use the initial number of radios (mobiles, portables, desktop radios and consoles and *including updated existing subscribers*) for all Departments and Agencies from Athol listed in Appendix D Price Proposal Workbook and project the future growth for fifteen (15) years after Final System Acceptance. *Athol estimates 0.23% growth per year; so, the CONTRACTOR shall multiply 1.0358 times the initial number of radios (for 15 years in the future) and calculate the traffic loading analysis.*
